

Ras Nungwi Beach Hotel

Ras Nungwi Beach Hotel is beautifully situated at the northernmost peninsula of Zanzibar Island on one of the finest and most unspoilt beaches on the island. Accommodation is in charming sea view chalets and garden view lodge rooms, all with a private balcony, en-suite facilities, air conditioning, fans, hair dryers and electronic personal safes. All rooms also have beautiful hardwood furniture, opulent fabrics, and hand-crafted four poster beds. Elegant and appetising menus are created from an abundance of local ingredients and the hotel takes pride in maintaining an excellent wine list.

The surrounding reefs create one of the most exciting areas to dive and snorkel using the hotel's five star dive centre, the longest-established PADI centre on Zanzibar, and are home to flourishing populations of dolphin, turtles, and countless other marine species. Other activities include sublime treatments at the Peponi Spa, deep sea fishing, sailing dhow cruises, local village tours and cycling and tennis.
